NTWALI DAMIEN

JUNIOR TECHNOLOGY PROFESSIONAL

Kigali – Nyarugenge | 0793540795 | ntwalidamien31@gmail.com
LinkedIn: linkedin.com/in/ntwali-damien-247245404 | GitHub: github.com/itdamien

PROFESSIONAL PROFILE

Passionate and self-disciplined technology enthusiast with practical exposure to software development, web technologies, IoT, networking, cloud computing, cybersecurity, AI and data analysis. Persistent when facing unfamiliar problems and comfortable learning through documentation, research, AI tools and collaboration. Enjoys supporting teammates, sharing knowledge and building practical solutions to real-world challenges.

CAREER OBJECTIVE

To use technology to solve real-world problems while gaining practical experience, continuously developing technical skills, and building strong communication and teamwork abilities.

TECHNICAL SKILLS

Programming & Web Development: HTML, CSS, JavaScript, PHP, Python
IoT & Embedded Systems: Arduino, ESP8266, ESP32, smart monitoring systems
AI & Data: Artificial Intelligence, Machine Learning, SQL, data analysis
Networking & Systems: Computer Networking, Linux, Termux, Cloud Computing
Development Tools: Git, GitHub, APIs, MySQL
Other: Cybersecurity fundamentals, Microsoft Office

INTERNSHIP EXPERIENCE

NOVA Services | 2025
Technology Intern

- Participated in practical technology projects and collaborated with team members.
- Supported teammates and contributed to a positive, trust-based working environment.
- Applied and strengthened skills in Linux, cloud computing, IoT, programming, and Git/GitHub.

KNAX Technology | 2026
Technology Intern

- Participated in practical technology projects and collaborative development activities.
- Supported team members with technical tasks and project implementation.
- Applied and strengthened skills in Linux, cloud computing, IoT, programming, and Git/GitHub.

SELECTED PROJECTS

ETEFOP Smart Monitoring System — Software/IoT project; contributed to implementation and final reporting and helped solve budget and component-voltage challenges.
Web — Web development practice focused on practical front-end and back-end solutions.
Machine Learning — Project work focused on learning and applying foundational machine-learning concepts.
Hotel Booking System — Web/database project concept for managing hotel booking information and workflows.
Smart Home Monitoring with ESP-CAM — IoT project involving ESP-CAM-based monitoring and smart-home concepts.
Data Analysis with SQL — Data-analysis practice using SQL for querying, organizing, and interpreting data.
Cybersecurity Projects — Hands-on cybersecurity project practice focused on security concepts and practical solutions.
Smart Security System — Technology project combining monitoring and security concepts.

VOLUNTEER & PEER TECHNOLOGY EXPERIENCE

School Technology Volunteer & Peer Supporter
High School

- Collaborated with a fellow student to install and configure security cameras for the school on a voluntary basis.
- Worked on coding and technology projects to develop practical solutions.
- Helped classmates understand technical concepts by explaining difficult topics and supporting them with projects.
- Shared technical knowledge and contributed to collaborative learning among students.

CERTIFICATIONS & TRAINING

- AI Use Cases
- Machine Learning Basics
- Basics of Artificial Intelligence
- Building Machine Learning Ready for Organizations
- Beyond Success — Participant Certificate
- Beyond Success — Facilitator Certificate
- Beyond Success — Multiplier Certificate

Technology Training: NOVA Services; KNAX Technology

EDUCATION

ETEFOP TSS | 2023–2026
Networking and Internet Technology — Advanced Level

Centre Des Jeunes Sourds-Muets | 2020–2023
Ordinary Level

Kamuhoza Primary School | 2014–2019
Primary Level

Apaderwa School | 2011–2013
Nursery Level

PROFESSIONAL STRENGTHS

Hardworking • Self-disciplined • Persistent • Problem solver • Curious • Honest

PROFESSIONAL INTERESTS

Web Development • IoT • Artificial Intelligence / Machine Learning • Cybersecurity • Networking • Cloud Computing • Data Analysis • Mobile App Development

LANGUAGES

Kinyarwanda — Fluent | English — Good | French — Beginner
